- Frontend Frameworks: (basic understanding)
- Responsive Design
- Backend: Basic knowledge of Node.js
- Database: Mongo DB (basic understanding)
- Web Performance Optimization
- Problem-solving and analytical skills
- Strong communication and collaboration abilities

PROFESSIONAL PROFILE

I am dedicated and aspiring web developer with a strong foundation in HTML, CSS, and JavaScript. Currently pursuing a Bachelor's degree in Computer Science, I am eager to secure an internship to apply my skills in a practical environment. Proficient in both frontend and backend technologies, I bring a problem-solving mindset, effective communication, and a collaborative spirit to contribute to a dynamic development team.

PROJECT

1. ****Portfolio Website**** - Developed a responsive portfolio website showcasing skills using HTML, CSS, and JavaScript.
2. ****User Authentication (Team Project)**** - Collaborated on building a task manager application using Backend tool, demonstrating teamwork and frontend development skills.
